HONGKONG, SATURDAY, SEPTEMBER 24, 1881.

The proposed Constitution for Japan,
for which we make room in our issue
of to-morrow, is important, even if it
does no more than indicate the tendency
of that progressive people towards re-
presentative government. It is clearly
the work of one who has closely studied
the results of the best forms of constitu-
tional government in the West, and is a
fairly comprehensive document. Twelve
or fifteen years ago, such a proposition
would have been looked upon as an
ironical skit of a dangerous kind; and
although it may even now be regarded
as merely a something looming in the
future, still it is a fact of no small sig-
nificance that a draft of this description,
bearing marks (as it does) of ability,
boldness, and grasp of the subject dealt
with,—should have seen the light in the
capital of the Mikado, even in an English
newspaper. This draft Constitution is
said to be in circulation amongst the Secret
Societies of the Empire; but this much
must be said for it, that there is no sedi-
tious or treasonable spirit manifested in
its seventy-nine articles. Indeed, had it
been drafted by the Government itself,
it could not have breathed more of re-
spect for law and constituted authority
than it does; and even the "divinity
that doth hedge a King" is the key-
note and refrain of its numerous provi-
sions. The Emperor's right to rule is
divine and must never be called in ques-
tion. The sum and substance of the
whole matter; and the writer proceeds
to elaborate his system of responsible
representative government—the Em-
peror first, next the Cabinet and the
Law Officers, with the Senate and the
Assembly, being the factors proposed
for carrying out this intelligent arrange-

ment. There can be very little doubt,
in view of the rapid advances made by
Japan in recent years, and of the won-
derful peace-loving adaptability of the
general mass of the people, that this idea
will be a reality in Japan at no distant
date. There will be many difficulties to
be overcome, and not a few blunders will
perhaps be made; but that the ultimate
goal will be reached in that Empire long
before any appreciable longings are felt
in China for such a form of government,
there cannot be the slightest doubt.
When that development has become
manifest the Japanese Government will
then have some claim to special con-
sideration in her relations with Western
Powers.

Some of the points noted in the draft
constitution are not only appropriate in
view of the object aimed at—the estab-
lishment of a constitutional monarchy
in Japan,—but they suggest one or two
points which appear to many to be
defects in our own boasted English con-
stitution. Of course, it may be said
that the principle of government through
the people is so thoroughly rooted in
British soil, that defects in detail have
only to be made apparent to ensure their
being repaired. But there is something
decidedly unique in the discovery that
during the current year should be taken
in a draft

This theory that a submerged body can be raised by firing a cannon over it was recently proved in Chicago. A plumber named Leonard had jumped off the wharf, thrown himself, and his friends got the artillery and raised him by firing the gun where he gone down, the plumber sustaining the sounds for burning wires.

The *Canton Observer*, August 28th, as the editor, in the article we referred to a week ago, promised he would do up the leading facts from Governor Hearn's recent Statement on the Hongkong Chinese Returns; in order to show the progress of the Colony during his term of administration. The *Observer* is not, however, prepared to admit that much credit is due the Governor for the results attained. After referring to the large transference of Chinese on which so great

residents in a Crown Colony can be expected to something very like zero; given the error with a craze for scenting out the faintest whiff when they do not exist, the strongly-developed habit of his own defence, and an all-absorbing desire for power opposition amounting almost to personal vindictiveness, and the remorseless which favours the free extension of the rights of citizenship." The Observer concludes with the expression of a hope that "if Governor Hennessy is a

Mr R. G. White is an old acquaintance and correspondent of mine, and personally in London, as he is the author of books upon England, India, &c., &c. He mentions in the concluding letter, that he was not one of the "called" "Stalwarts," and I may say so, as he always has been, distinguishing himself by his independence of judgment and bearing.

In my view of his character and opportunities I consider his opportunity thus expressed early in July, as that of any other person would be under the circumstances.

formed a service, and have become more conspicuous as time goes on; of course, possible that he spoken his last word on the subject should not be surprised if he was to some of the objections which he persistently, and in some of the becomingly urged against his perhaps gradually into the way of the controlled observational method that he confirm his general view. For the action of his opinions, has given correspondence unusually copious, proving abundantly how wide a the matter has excited. Such as if temperately conducted, and the practice, and the claims of the theory, on the claims of reality, defining exactly what are its limits.

TRADE MARK.—Bottled by H. M. Government.

HEALTH, STRENGTH, & ENERGY.

DR. LALOR'S PHOSPHODYNE

Trade Mark—PHOSPHODYNE, DISCOVERED AND SO NAMED, A.D. 1862, BY R. D. LALOR, M.D.

DR. LALOR'S PHOSPHODYNE is a Pure Solution of PHOSPHOROUS in combination with the Vegetable Alkaloids Quinine, Pyridine, Xanthoxin, &c., prepared by a Chemical process known only to DR. LALOR, producing a remarkably Pleasant and Pleasant Tasting Preparation, equal to the best Wines, Perfectly free from Skyphitis and all other Dangerously Active Drugs; superseding the numerous objectionable forms of Phosphorous Pills, Pilules, Oils, and other Nauseous Mixtures with which the Market has been flooded since the Phosphoric Treatment of Disease was first made Public by DR. R. D. LALOR, in 1862.

To Residents in India, China, and the Colonies, it will prove invaluable as a **RELIABLE Liver Tonic** and a **Vitalizing Restorative**.

This Phosphoric combination, the Wonder of Modern Chemistry, is pronounced by the most eminent members of the Medical profession to be unequalled for its power in replenishing and elaborating the Vitality of the Body; by its supplying all the essential constituents of the BLOOD, BRAIN, and NERVE SUBSTANCE; and for developing all the Powers and Functions of the system to the highest degree; by its being agreeable to the palate, and innocent in its action. While retaining its wonderful properties, it acts as a Specific, surpassing all the known Therapeutic Agents of the present age, for the speedy and permanent cure of all derangements of the Nervous and Blood Systems, Nervous Prostration, General Debility, Mental and Physical Depression, Incapacity for Study or Business, Nerves in the Head and Ears, Loss of Energy and Appetite, Indigestion and Liver Complaints, Flatulency, Nervous Fancies, Hypochondria, Nervous Debility in all its Stages, Loss of Memory, Softening of the Brain, Paralysis, Affections of the Spinal Column, Lameback, Sciatica, Affections of the Kidneys, Bladder, Urinary Deposits, &c., Ague, Spasms, Asthma, Consumption, Chronic Bronchitis, Scrophula, and Skin Diseases, Rickets (in children), Wasting or Withering of the Muscles, Impaired Nutrition, Impoverished Blood, Premature Decline, and all morbid conditions of the system, dependent upon the deficiency of THE VITAL FORCES, whether arising from Climate, Brain Fag, or whatever cause.

DR. LALOR'S PHOSPHODYNE being a natural Restorative, its Energizing Effects are not followed by corresponding reaction; but are permanent; and are frequently shown from the first day of its administration by a remarkable increase of Nervous Power, with a feeling of Vigour, Strength, and Comfort, to which the patient has long been unaccustomed. DR. LALOR'S PHOSPHODYNE gives back to the Human structure in a suitable form the Phosphoric or Lively Animating element of Life which has been wasted, and exerts an important influence directly on the Brain, SPINAL MARROW, and NERVOUS SYSTEM, of a Nutritive, Tonic, and Invigorating character; thereby checking all Wasting of the Vital Fluid, and the more Exhausting Processes of Life, maintaining that buoyant Energy of the Brain and Muscular System, which renders the MIND CLEAR, BRIGHT, and ENERGETIC; entirely overcoming that Dull, Inert, and Sluggish disposition which many persons experience in all their actions. A Marvellous Restorative for Brain Tappers, Clergymen, Business Men, and all who are engaged in the Competitive Struggle.

PHOSPHODYNE, the Antidote for Climate Disease. The Remedial properties of DR. LALOR'S PHOSPHODYNE have spread its fame throughout every Nation and Country in the world, the natural outcome of which is, that the sale has now become enormous in India, China, Africa, and other Hot Climates. This increased demand is attributable to the fact of its possessing in the most perfectly assimilable form, the essential Vitalizing properties of PHOSPHOROUS, which reanimates the Exhausted functions of Life when impaired by Heat or other causes. A very large number of Testimonials from all parts of the World freely offered from Distinguished Families, Exalted Persons, Military, Naval, Scientific and Professional Men, who are well known, speak of its marvellous powers in Nervous Debility, WANT OF STAMINA, FEVERS, MALARIOUS DISORDERS, and as a LIVER TONIC.

A PUBLIC NOTICE AND WARNING.—To Medicine Vendors and the Public in Great Britain, India, China, and the Colonies.—DR. LALOR'S PHOSPHODYNE is the only Medicine bearing the name PHOSPHODYNE that has the sanction of the British Government, and for which His Majesty's Registrar of "Trade Marks" has granted Certificates to DR. LALOR ONLY. Therefore DR. LALOR'S is the only Legitimate and Genuine PHOSPHODYNE.
